

SITE SAFETY STAFFING

Protecting: People | Property | Profits

SMART Safety Group provides **on-site safety professionals** for your specific job site needs. SMART's **turnkey safety staffing solution** frees resources from administrative issues such as recruiting, screening, interviewing, hiring, housing, payroll, taxes, and benefits. **You never have to worry about:**

- *Recruiting & Onboarding*
- *New Hire Orientation & Training*
- *Payroll Taxes*
- *Workers' Compensation*
- *Benefits*
- *Sick & Vacation Time*
- *Adequate Safety Experience*
- *Education, Licenses, Certifications, and Credentials*
- *Knowledge of Regulations & Requirements*
 - *OSHA*
 - *Army Corps of Engineers (EM385)*
 - *ANSI*

Duration and day-rate of the engagement are determined **upfront**.

SMART Safety Group provides **highly qualified, skilled, and certified safety personnel** to meet the changing needs of its clients' commercial and industrial projects. SMART will find the right safety professional with the right education, training, and credentials for any type of project anywhere.

SMART's staffing team is comprised of skilled, accredited, and degreed safety professionals with **extensive expertise to plan, identify, and mitigate risks** that help **maximize workforce safety and productivity**. We quickly and proficiently integrate with our clients' operations to deliver safety expertise and services that build a **proactive safety culture that fosters a highly productive workforce**.

SMART conducts **year-round recruiting and hiring** to retain a complete pool of qualified talent. We use only the best matching techniques to pair employers and employees. Our staff undergoes **ongoing training, certification, and development** to improve every employee's skills.

We staff for short-term, long-term, and full-time positions.
