

SMART SAFETY GROUP

Safety Management | Safety Staffing | Safety Training

Workforce safety practices **protect lives and livelihoods**. OSHA mandates employers adhere to safety requirements that eliminate hazards and maintain a safe workplace. SMART Safety Group helps employers develop and implement the most effective safety program that **reduces incidents, maintains OSHA compliance, lowers costs, and improves competitiveness & profitability**.

Since 2003, SMART has helped hundreds of employers meet this responsibility through **highly effective, flexible, and affordable** safety services that include:

- **Safety Program Management**
- **Safety Policies Development**
- **Jobsite Inspections & Audits**
- **24/7 Incident Response**
- **Project Staffing & Resources**
- **Health & Safety Training**

SMART Safety Group can partner with your company to **deliver results** that:

- **Maximize** workforce safety & productivity
- **Reduce** incidents & injuries
- **Maintain** regulatory compliance
- **Instill** effective safety culture
- **Increase** competitiveness & profitability

In today's highly competitive market, organizations with a strong safety program and culture can establish a **competitive advantage**. Working with SMART Safety Group quickly puts your company on the path to **safety excellence, stronger growth, and increased profitability**.

Mulkey Enterprises, Inc.

Jeff Cull, Project Management

"SMART Safety Group has worked with our team and managed our safety program for more than five years. I am impressed with their level of service and ability and desire to jump through hoops to get the job done."

SMART has taken a significant workload off my plate that has allowed me to perform more at Mulkey Enterprises. I am continually satisfied – wrong choice of words – extremely happy with the business relationship we have with SMART Safety Group. I highly recommend their company and safety program management services."

Contact us to learn how SMART can manage your company's safety requirements and allow you to focus on your core business – **and bottom line**.
